UNIT MEA156: Apply Quality Standards During Aviation Maintenance Activities

3. Identify Aviation Quality Improvement	a. Apply elements and performance criteria to single tasks involving more than one person	No. of Entries	1	2	3
		Ass. Sign.			
		Ass. No.			
		Date			
		Simulated	Yes No	Yes No	Yes No
	b. Apply elements and performance criteria to multiple tasks involving more than one person	No. of Entries	1	2	3
		Ass. Sign.			
		Ass. No.			
		Date			
		Simulated	Yes No	Yes No	Yes No

Performance Criteria:

- 3.1 Use performance monitoring measures to review product and service-related activities.
- 3.2 Identify opportunities for maintaining and improving product and service quality standards.

Name of Assessed Person:**Registration:****Confirmation of Underpinning Knowledge and Skills to Apply Quality Standards During Aviation Maintenance Activities**

Competency must be assessed in the work environment or by use of simulated activities, covering the application of quality standards in the aircraft maintenance environment. Candidate capability of providing the required performance and knowledge evidence must be established via the records in the Log of Industrial Experience and Achievement or, where appropriate, an equivalent Industry Evidence Guide (for details refer to the Companion Volume Assessment Guidelines).

UNIT MEA156: Apply Quality Standards During Aviation Maintenance Activities	Date/ MTO Stamp
Evidence has been confirmed of the attainment of the following pre-requisite units of competency (as they are related to attainment of the elements of competency specified in this unit). 107, 154	
Evidence has been confirmed of the knowledge requirements for this unit as delivered by a CASR 147 Approved Organisation. OR Assessment has been conducted to determine that the underpinning knowledge and skills have been achieved in accordance with the Competency Unit.	

Certification of Unit Completion

I certify that I have reviewed the certification of the elements for this competency unit and that all of the competency unit requirements have been met.
